☒ NO ARRESTS At approx. 11:42PM at the above location while working Surveillanc on meeting being held at above location by the Republic of Africa NRA I observed the following events. A scout car was going north on Linwood when it sounded like three to four rifles high power type started firing at the scout car. The scout car ran into the building on the north east corner of Linwood at Philadelphia. The shooting stopped immediately and at this time I left my surveillance car which was sittir in the middle of Linwood and Philadelphia, and transmitted that two police officers had been shot. I didn't see any sign of gun fire, and the street was full of pedestrian traffic and vehicles. When the shooting started people fell to the ground and all the traffic stopped. One officer was lying on the sidewalk next to the church on Linwood, and he was motionless, and the other officer was lying on the northeast corner of Linwood by the scout car which was against the building. Thi officer fired three shots from his revolver. At this time a large number of scout cars arrived at the scene. I departed the area and joined the rest of the crew who had stopped Milton Henry in a white Cadillac 69 Mich Lic # HL 7795 on the John C Lodge Exspressway at the Webb Exit. When I arrived at the scene Patr's [redacted], [redacted] and [redacted] and det [redacted] M.S.P. were in the processir of searching the above subjects mentioned vehicle. Subject# Henry was released at this time.
